### “Cigar Chair” GE 240 Hans J. Wegner 1955.

Wegner was asked by Getama, Denmark’s leading bed and mattress producer at the time to assist them in developing a range of high quality soft upholstery.

Wegner combined the companies expertise in mattress making with their wood working skills to design a series of chairs and sofas that have remained in continuous production for over 60 years.

The Cigar Chair together with its companion footstool, 122 cm two seat and 175 cm three seat sofa are produced using either low maintenance moulded foam or with softer dountop filled cushions to provide many hours of comfortable sitting over the course of an entire evening..

*“People often ask me if a chair is comfortable? I always reply - why don’t you try it”*

*Hans J. Wegner.*
